b. Minimum standard

During the Confirmation phase seventy five percent (75%) of the Board must agree the nominee has achieved the minimum standard. If a nominee fails to achieve the minimum standard the documents will be returned to the nominator. The nomination can be re-activated in a subsequent cycle upon the submission of new material that would provide additional support of the candidate's worthiness for induction into the SSHoF.

c. Ranking

Only the nominees achieving the minimum standard are considered. Ranking will be determined by the aggregate scores of the Board. The candidates with the highest ranking, within the quota, will be declared SSHoF Inductees for that induction year. If there is a tie for the final position(s) a vote of those tied will determine the final position(s).

d. Active nominations

Nominations that are not successful shall be carried forward to the next nomination cycle. The Board shall retain all nominations that met the minimum standards but were ranked lower than the established quota. If subsequent nomination forms are modified the Nominator will be requested to resubmit the nomination. New material can be added to the Nominee's active file at any time.

e. Conflict of Interest

To help ensure the integrity and credibility of the selection process each Board member must consider all nominees and declare if they have a conflict of interest. A conflict of interest is a situation

2021 Induction Guidelines

Springwater Sports Heritage Hall of Fame

Section C: Election Procedures and Guidelines

in which a person has a private or personal interest sufficient to appear to influence the matter being considered. If a nominee is an immediate family member (defined as: parent; sibling; child by blood, adoption, or marriage; spouse; grandparent or grandchild) the Board member would be considered in a conflict of interest.

When a conflict of interest is established the chairperson will ask the Board member to excuse themselves from the room during any discussion surrounding that nominee. The Board Member in a conflict of interest position will not complete a nominee assessment or take part in any voting involving that nominee. Relevant mathematical applications will be used to provide the necessary balance where there is a conflict of interest.

6. Confidentiality

No member of the Board shall divulge or disclose the results or other particulars of the balloting. Official announcement of successful nominees to the SSHHoF is made by the Chairperson or a Designate. Any questions related to the balloting must be directed to the Chairperson.

7. Posthumous Election

A Posthumous Election may be granted by the Board. One of the inductees each two year cycle may be posthumously elected and will be left to the discretion of the Board.

Removal is a serious action that should only be considered in cases of extraordinary undesirable and detrimental conduct reflecting poorly on the SSHHoF. After appropriate discussion and consideration a vote by the Board will be taken and must pass by a minimum of two thirds (67) percent (8) of the Board.
